

# DOG DAYS ADOPTION EVENTS

August 2018

To Whom it May Concern:

Dog Days is a Connecticut charity whose mission is to help homeless dogs in no matter the expense or distance needed to get them out of harms way – we are a dedicated group of volunteers who believe all dogs deserve to be in loving homes.

We plan adoption events to help small rescues and municipal pounds find loving homes for the dogs in their care. So far we've placed over 1700 dogs at these events since we started in 2010. We only help dogs who are in danger of being euthanized and need our support as their last hope for a safe and loving future.

*We are honored to hold an adoption event at the beautiful Paws Pet Resort & Spa in Cheshire CT on the weekend of October 20<sup>th</sup> and 21<sup>st</sup>, 2018 – please join us!*

We have a dedicated group of senior volunteers who are asking for donations to help defray the cost of this upcoming event as we do not collect any adoption fees nor do we charge incoming rescues to attend. Your contribution to this event makes all of the difference to us as we're a very small, community-supported charity. We have many sponsorship options and we will publicly thank contributors on our website, social media and event signage.

Thank you for your time and consideration in supporting this event, we greatly appreciate it. Please come visit us during the adoption weekend and find your new best friend, there are many lovely souls who will be there waiting for you!

Kindest regards,
