

# DOG DAYS ADOPTION EVENTS

FOR IMMEDIATE RELEASE

September 17, 2018

Dog Days Adoption Events, Inc. a CT based charity will be holding an adoption event at Paws Pet Resort & Spa in Cheshire CT on the weekend of October 20<sup>th</sup> and 21<sup>st</sup>, 2018. We will have more than 50 dogs of all ages, sizes and breeds for adopters to find their “new best friend”.

This event is planned by volunteers to help rescues and pounds find homes for the dogs in their care and proudly sponsored by CT Home Automation and Paws Pet Resort and Spa. We help CT rescues as well as those affected by Hurricane Florence and other rescue partners in the South.

Adopters may put in an application online at [www.godogdays.org](http://www.godogdays.org) and we also welcome volunteers who may wish to help on the event weekend: sign up form for volunteering is also on the website.

Dog Days is a Connecticut charity whose mission is to help homeless dogs in no matter the expense or distance needed to get them out of harms way – we are a dedicated group of volunteers who believe all dogs deserve to be in loving homes.

We plan adoption events to help small rescues and municipal pounds find loving homes for the dogs in their care. So far we’ve placed over 2000 dogs at these events since we started in 2010. We only help dogs who are in danger of being euthanized and need our support as their last hope for a safe future in a loving home.
